The purpose of this project is to prepare a cadre of expert witnesses in alcohol/drug traffic cases to assist prosecutors in Intoxication Manslaughter, Intoxication Assault, Driving While Intoxicated, and other alcohol/drug related cases. This will enable prosecutors to have professionals with knowledge and testimonial skills to aid in prosecution decisions and at trials.

The curriculum includes:

- Qualifications of Expert Witnesses
- Information on Texas alcohol/drug laws related to traffic safety
- Explanation of the effects of alcohol on humans
- Explanation of the effects of alcohol on driving task abilities
- Alcoholism/Substance abuse and their relation to alcohol/drug offenses and crashes
- Explanation of the effects of drugs on humans
- Explanation of the effects of drugs on driving task abilities
- A review of actual case materials
- Standardized Field Sobriety Tests
- Working with prosecutors
- Analysis of Defense Expert Witness credentials and material
- Development of Questions for Prosecutors
- Report preparation
- Trial Testimony
- Civil Cases (relationship to criminal cases)
